

A New Way to Pay

Square Installments lets you make a purchase and pay it back over time.

Here's how it works:

- For qualifying purchases over \$250, the merchant will send you an invoice with the option to pay in monthly installments.
- If you choose to pay in installments, apply in a few steps to find out if you qualify.
- See your total cost up front; there are no hidden fees. Choose the way to repay that works best for your budget.
